

TECHNICAL QUESTIONNAIRE

Part I

Item reference in tender document	Description of required item/specifications	Bidder's acceptance of specification or otherwise NB : FAILURE TO TICK ANY CHECK BOX IN THIS COLUMN SHALL RENDER THE ENTIRE OFFER NON-COMPLIANT	Reference in the technical literature where this is being stated/shown
Section 3, Clause 4.2.1 (i) Bin Operation	<ul style="list-style-type: none"> In-built Solar-powered battery Capable of compacting waste Smart device to read real-time fullness level Automatic triggering of waste compactor 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (ii) Fill Level Indicator	<ul style="list-style-type: none"> External display 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (iii) Construction	<ul style="list-style-type: none"> External bin body Internal Bin Liner 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (iv) Illumination	<ul style="list-style-type: none"> Bins to be illuminated 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (v) External Bin	<ul style="list-style-type: none"> The various parts of the external bin are to be <u>EITHER</u> powder-coated galvanised steel <u>OR</u> stainless steel 	Yes, I confirm <input checked="" type="checkbox"/>	Due to special location and environment in Maltar, powder-coated galvanized steel is definitely not enough. Only stainless steel #304 with high quality outdoor powder coating or stainless steel #316 is possible for anti-rusty.

Section 3, Clause 4.2.1 (vi) Vinyl Wrapping	<ul style="list-style-type: none"> Bin body able to withstand vinyl wrapping 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (vii) Internal Liner	<ul style="list-style-type: none"> 120 litre wheelie bin Conforming to EN 840 To be provided by Contractor 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (x) Waste Aperture	<ul style="list-style-type: none"> Stainless Steel Opening to be 300 to 400 mm wide 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (xi) Touch-free operation	<ul style="list-style-type: none"> Foot pedal Fully accessible to persons with special abilities 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (xii) Jam sensor	<ul style="list-style-type: none"> Jam sensor 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (xiii) Cigarette Disposal	<ul style="list-style-type: none"> Integrated cigarette extinguishing plate Cigarette receptacle 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.1 (xiv) Operating Environment	<ul style="list-style-type: none"> Can withstand and operate in severe weather conditions Can withstand and operate in salt-water environment 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.2 (i) Safety	<ul style="list-style-type: none"> Capable of receiving waste during compaction Compactor mechanism to be completely inaccessible to users 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.3 CE Marking	<ul style="list-style-type: none"> Bins to be CE marked Certificate of Conformity for each bin 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.4 Telemetric System	<ul style="list-style-type: none"> Bins shall operate a telemetric system System to be equipped with GSM Module Costs of subscription to be borne by Contractor Contracting Authority to possess administrator rights up to end of contract term. 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.4.2 Software Licences	<ul style="list-style-type: none"> Provision of software licences Access to full reports, networking and operating systems 	Yes, I confirm <input checked="" type="checkbox"/>	

	<ul style="list-style-type: none"> • Provision of any necessary hardware - included • Software system to be managed by CA • Software system must be supported up to the end of contract term 		
Section 3, Clause 4.2.4.4 Compatibility and Upgradeability	<ul style="list-style-type: none"> • System software and web-based application to run on an open-standard software interface • System software and web-based app to be continuously upgradeable to current standards up to end of contract term 	Yes, I confirm <input checked="" type="checkbox"/>	
Section 3, Clause 4.2.4.5 Data Ownership	<ul style="list-style-type: none"> • Data gathered by telemetric system shall become property of the CA, even in the event of early contract termination 	Yes, I confirm <input checked="" type="checkbox"/>	

<p>The bidder is to provide a declaration endorsed by the manufacturing company of the smart compaction litter bins on offer, stating that he has the technical capabilities and resources required to satisfy <u>ALL</u> the requirements within Article 4.2 of Section 3 Terms of Reference.</p> <p><u>This declaration is to be uploaded with this Technical Questionnaire at Tendering Stage.</u></p>	<p>Yes, I confirm <input checked="" type="checkbox"/></p>
--	---

Part II - Compliance Declaration

Declaration of compliance in respect of remaining terms and conditions in Sections 2 and 3 of the Tender Document as per tender response format
